|                                                                                                                                |                                                                                                                                    |                                                                                                                                    |                                                                                                                                  |                                                                                                                                     |

Step 3 Note! You have to predrill for the slate screw!!

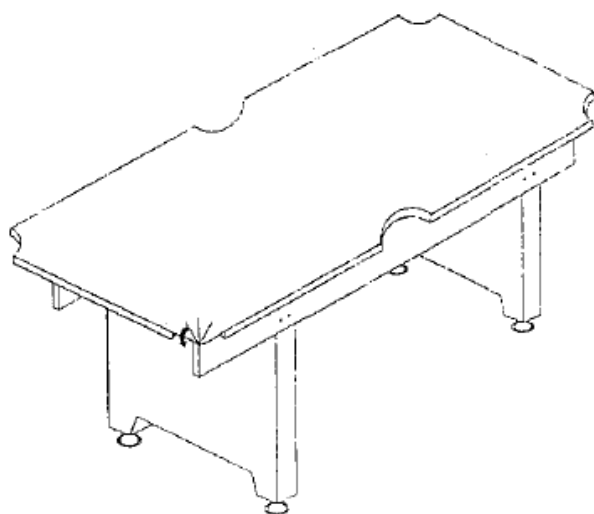

Step 4

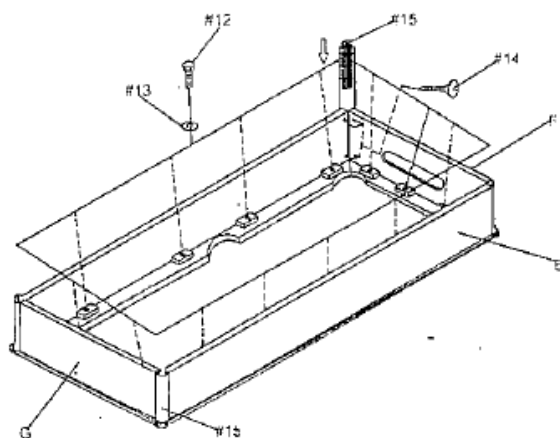

Step 5

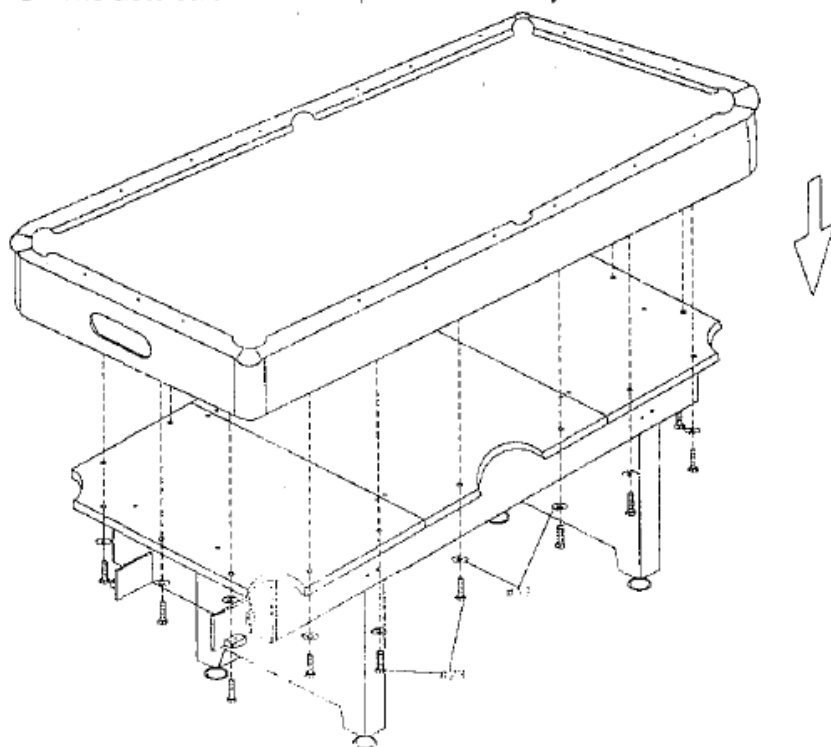

Step 6

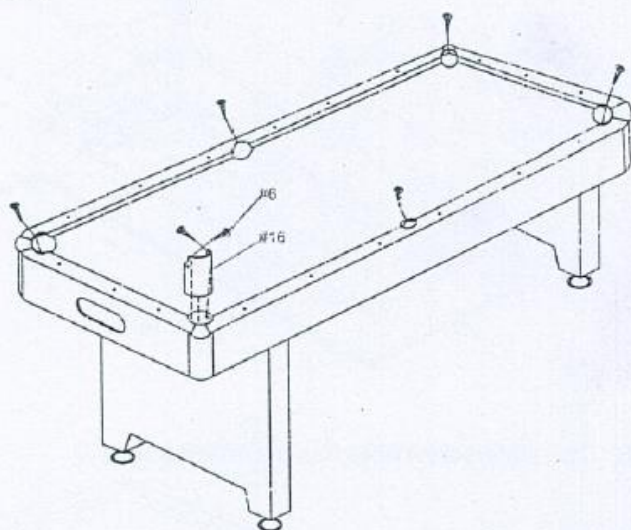

## Step 7

## Step 8 The slate screw hole has predrilled already.

## Step 9

## Step 10
